For: QUANTITATIVE TRANSIENT PROTEIN EXPRESSION IN PLANT TISSUE
CULTURE

REQUEST FOR RECONSIDERATION

Commissioner for Patents
Washington, DC 20231

Sir:

The following remarks are made in support of the patentability of the claimed subject matter in the above-captioned application in response to the Office action mailed October 24, 2001.

REMARKS

Claims 1-20 are currently pending and under consideration in the present application.

Rejection under 35 USC 112

Claims 1-20 were rejected under 35 USC 112 as not being fully enabled by the specification. The bases for this rejection appears to be that certain references allege "difficulty" in this area of technology and that the specification, while providing specific
